Basis of Accounting

The Company's policy is to prepare its financial statements using the accrual basis of accounting in accordance with generally accepted accounting principles. The Company has retained December 31 as its annual year-end.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Equivalent

Cash and cash equivalent include cash and cash in banks. The company maintains cash and cash equivalent balances at a financial institution that is insured by the federal deposit Insurance

Corporations up to $100,000. At March 31, 2008, there is no concentration of credit risk form uninsured bank balances.

Expenditures for maintenance and repairs are charged to operations as incurred. Depreciation expense was $672 for the year ended December 31, 2007 and $56 for year ended December 31, 2006.

Recent Accounting Pronouncements

In September 2006, the FASB issued SFAS No. 157 Fair Value Measurements ("SFAS No. 157"), which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements, SFAS No. 157 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. In June 2006, the FASB issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes: An interpretation of FASB Statement No. 109 ("FIN No. 48"). This interpretation clarifies the accounting for uncertainty in income taxes recognized in an entity #146s financial statements in accordance with SFAS No. 109. FIN No. 48 prescribes a recognition threshold and measurement principles for the financial statement recognition and measurement of tax positions taken or expected to be taken on a tax return. This interpretation is effective for fiscal years beginning after December 15, 2006. As of March 31, 2008, the Company does not have any financial liabilities. No gains or losses resulting from the fair value measurement of financial assets were included in the Company's earnings. The adoption of SFAS No. 157 has not impacted the Company's results of operations and financial position.

In February 2007, the FASB issued SFAS No., 159, The Fair Value Option for Financial Assets and Financial Liabilities, including an amendment to FASB Statements No. 115 ("SFAS No. 159"), SFAS No. 159 permits entities to choose to measure many financial instruments, and certain other items, at fair value that are not currently required to be measured at fair value, SFAS No. 159 is effective as of the beginning of an entity first fiscal year that begins after November 15, 2007. The Company has elected not to measure any eligible items at fair value. Accordingly, the adoption of SFAS No. 159 has not impacted the Company's results of operations and financial position.

NOTE 2: INCOME TAXES

In February 1992, the Financial Standards Board issued Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes". Deferred assets and liabilities are measured using enacted tax rates in effect for the year in which temporary differences are expected to be recorded or settled. Under SFAS No. 109 the effect on

deferred assets and liabilities of a change in tax rates is recognized in the period that includes the enactment date.

As of March 31, 2008, the Company had net operating losses (NOL's) of approximately $47,135 that expire in 15 years commencing in 2007.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

The Pawfect Foods, Inc.'s business is to become actively engaged in providing an online marketplace for premium and holistic pet food, via the Internet. We maintain a domain name called www.Pawfectfoods.com. We have also obtained a web hosting provider, to provide us with the necessary disk space capacity for our website and email capability for the next 12 months. We have also posted our nearly completed e-commerce website, to introduce ourselves to potential customers with a modest array of introductory products. Although we had set up a merchant payment gateway, in 2006, we suspended the account in December 2006 pending our gauging consumer demand and developing reliable sources of supply. Our new management is considering our current business plan and we determine if paying the nominal fee to reactivate the account in the near term is advisable. During the quarter ended March 31, 2008 management reactivated the merchant payment gateway and has received a nominal sale of $12 and also discovered that payment gateway was not operating properly and it is currently in the process of making the necessary adjustments. During the next twelve months we plan to satisfy our cash requirements with loans from our principal shareholder and management,

CHANGE IN CONTROL

On July 16, 2007, Charles Monahan, our former President, Treasurer, Secretary and principal shareholder entered into a Capital Stock Purchase Agreement (the "Stock Purchase Agreement") with Biotech Initiative of Chelsea, Ltd., a private investment fund based in London, England. All conditions to the closing were fulfilled and funds released to Mr. Monahan on July 17, 2007.

Under the Stock Purchase Agreement:

- Biotech Initiative purchased an aggregate of 2,000,000 restricted shares of our common stock from Mr. Monahan for approximately $624,000

- Mr. Monahan resigned as an officer and director of the Company.

Biotech Initiative, acting in its capacity as our principal shareholder, appointed Pietro Gattini to serve as sole director, filling the vacancy created by the resignation of Mr. Monahan. Mr. Gattini also became our President, Secretary and Treasurer.

The 2,000,000 shares represent approximately 89% of our outstanding shares. The source of funds for Biotech Initiative's purchase was from its own capital resources and no funds were borrowed.

We filed a Form 8-K Report reporting this transaction on July 20, 2007.

Mr. Gattini is evaluating our current business plan, prospectus and financial requirements. He may also consider the acquisition of one or more companies in either skilled fields of endeavor unrelated activities for potential acquisitions or merger. There are no agreements or understandings regarding any such acquisitions. If we enter into any such agreement we will promptly disclose the terms of the agreement and other information concerning the company by filing a Report on Form 8-K, including a copy of the agreement as an exhibit. Such an

acquisition will require the issuance of a substantial number of shares of our common stock and financing.

CRITICAL ACCOUNTING POLICIES

Our accounting policies are described in Note 1 of the consolidated financial statements included in this Quarterly Report on Form 10-Q for the quarter ended March 31, 2008. The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America, which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Since we are in the development stage and have had only limited expenditures and no estimates we do not consider any accounting policy to be critical to the understanding of our business.

RESULTS OF OPERATIONS

Our financial statements, which are set forth in Item 1 of this report, reflect our operating results from November 15, 2005 (inception) to March 31, 2008. During the period from inception to we had no revenue and our expenses totaled $47,135incurred in for the development and administration of our website based pet food business and

LIQUIDITY AND CAPITAL RESOURCES

Our operating expenses have been financed with loans from our principal shareholder, and management. We intend to seek such additional funding through private financings. There can be no assurance that additional financing will be available, or, if available, that such additional financing will be available on terms acceptable to us. If additional funds are raised by issuing debt, we will incur fixed payment obligations, which could delay the time, if any, when we may achieve profitability. If adequate funds are not available, we may be required to curtail our operations.

In the event our management determines that our business plan is not financeable or viable, we may seek to make an acquisition which will require significant financing.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not required.

ITEM 4T. CONTROLS AND PROCEDURES

DISCLOSURE CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC. As
